

Weekly Report (Aug 28~Sep 3)

Liwen Lin

Done

Modified the glyph:

- 1) Rotated and flipped the circle;
- 2) Move bus names to the bottom-center;
- 3) Use a new glyph for a single value in the center that represent an overall state of a bus(but the glyph is not decided yet);
- 4) Allow larger time intervals(shown below).

Enabled dragging on the thumbnail and the main view.

In Process

Designing the glyph in the center.

Todo

To have a discussion on current progress and the glyph design.

To decided a smaller scale of glyphs and replace the rects and circles on the force-directed view.

Summary of Current Projects

Project	Due	In Process	Problems
